<h3>Artwork Size</h3> <p>Generally artwork should be designed at either 50% or 25% of actual size.</p>	<h3>Resolution</h3> <p>The resolutions indicated in the table above are suggested to give you optimum results. We will accept artwork at resolutions lower than these but cannot guarantee the quality of the final print.</p>	<h3>Colour</h3> <p>Please submit in CMYK colour format. Artwork supplied as RGB may not print as expected.</p>	<h3>File Formats</h3> <p>Preferably a high quality PDF, but we can accept most popular file formats including QuarkXPress, Adobe InDesign, Adobe Illustrator, Adobe Photoshop, TIFF, EPS and JPEG. Please call to check suitability of other formats.</p>

PULL-UP BANNER STAND GUIDELINES

Cropmarks

Please place 'right angle' marks at each corner of the artwork (see diagram).

Bleed

4mm bleed at 100% artwork size
2mm bleed at 50% artwork size
1mm bleed at 25% artwork size

Dotted line on diagrams indicates bleed area
